

THE NICESWEEPS CASH KIOSK

Cash in. Game on.

A full-screen touch kiosk that loads any terminal in seconds — no cashier line.

 **Bills**
 **Bitcoin Lightning**
 **Any terminal**

Tap, insert, play

Three big taps. Players pick a terminal and feed bills — staff stay free.

Every dollar tracked

Each bill is journaled and confirmed by the terminal. Survives network drops.

Pro bill readers

Mars/Apex and ICT acceptors with escrow — \$1 to \$100 notes.

Any screen, any shape

Landscape or portrait touchscreens. Locked full-screen with PIN staff access.

Plug-and-play POS

Finds your NiceSweeps POS on the network automatically. No cloud required.

One set of books

Kiosk loads land in the same POS reports as the cage.

Bitcoin payments NEW

Players scan a terminal QR and pay over Lightning. Funds settle to your own BTCPay store and the terminal loads automatically.

 **Cash App**
 **Lightning wallets**
